HealthLinc Participates in “Give a Day. Get a Disney Day”

February 9, 2010, Valparaiso, IN HealthLinc, Inc. is pleased to announce that it is participating in the nationwide “Give a Day. Get a Disney Day” volunteer initiative. Sponsored by Disney, the program promotes voluntarism in local communities across the country. A person volunteering for a day at an approved non-profit organization can obtain a Disney Pass good for one day at any Disney Park location. The program emphasizes family friendly volunteering with adults and children over the age of 6 eligible to receive the Disney passes. The United Way is facilitating efforts in Northwest Indiana.

HealthLinc’s CEO, Beth Wrobel, is excited about this opportunity. “HealthLinc was founded by volunteers and community support and continues to enjoy that support today. We know the value of volunteer time and talent. It’s great that Disney is encouraging families to get involved with their communities.” HealthLinc has various volunteer opportunities available at its clinic locations in Valparaiso, Michigan City, and Knox. These opportunities include office work, painting and cleaning, reading to young children, and landscaping in the warmer months.

HealthLinc, Inc. (www.healthlincchc.org) is a not-for-profit Federally Qualified Health Center that provides a range of medical, dental, and behavioral health services to people of all ages regardless of a patient’s ability to pay. Many of our patients lack health insurance or are enrolled in the Medicaid or Medicare programs. HealthLinc also accepts some private insurance plans. Clinics are located in Valparaiso, Michigan City, and Knox. All three clinics offer primary medical and behavioral health services; dental services are available in our Valparaiso and Michigan City clinics.
